Book Details:

Review: This is a really excellent book that I would recommend to anyone. I particularly liked his explanations of how meditation can bring awareness back to the body and away from the thinking mind. Many people don't understand that, and make the mistake of thinking meditation is meant to be more mind based. Here, the expansion of awareness is not that of...

Description: A senior Buddhist teacher offers six fundamental body-based meditation practices that show the reader that enlightenment is as close to you as your own body. Many of us experience life through so many conceptual filters that we never recognize the freedom and joy that are inherent in us—and are in fact the essence of who we are. We can grow old not realizing...
